 Preliminary Estimates Engineer

SUBJECT: Cost Verification - Project (TIP No. R-979)
 Hyde County

 of SR 1116 at Lake Landing to Bridge #50 of Englehard, 10.359 Miles

The construction cost estimate for the subject project was updated on October 12, 1987. The verified cost is \$1,700,000 as compared with the previously estimated cost of \$1,425,000 (P).

By copy of this letter I am requesting the project engineer to update the DSR construction cost. The difference between the current and previously estimated construction costs is due to adding a leveling course and updating unit prices.

R-979D	<u>1,100,000</u>
